

We can ultimately reconcile that God exists by looking at what is required for the existence of our universe and with a little studying we can prove that God exists.

For the universe to exist there are requirements that the cause of the universe must meet.

The universe is not eternal so we know it came into existence. The cause must be eternal to create time.

TIMELESS:

Deuteronomy 33:27

The eternal God is your refuge

Psalm 90:2 ESV Before the mountains were brought forth, or ever you had formed the earth and the world, from everlasting to everlasting you are God.

1 Timothy 1:17

Now to the King eternal, immortal, invisible, the only God, be honor and glory for ever and ever. Amen.

To create the space that we exist in the cause must operate outside of this space in order to create space, and thus must be space-less.

SPACELESS:

Jeremiah 23:24 ESV Can a man hide himself in secret places so that I cannot see him? declares the Lord. Do I not fill heaven and earth? declares the Lord.

Psalm 139:7-10 ESV Where shall I go from your Spirit? Or where shall I flee from your presence? If I ascend to heaven, you are there! If I make my bed in Sheol, you are there! If I take the wings of the morning and dwell in the uttermost parts of the sea, even there your hand shall lead me, and your right hand shall hold me.

It's the same with all material structure within our universe, matter in it of itself is finite and needs an eternal and immaterial cause to create it from nothing.

IMMATERIAL:

John 4:24 God is spirit, and those who worship him must worship in spirit and truth."

Throughout our universe we can see that order and function is a necessity, this points to design and intelligent design at that which is needed by an intelligent mind or person.

INTELLIGENT:

Psalm 147:5 ESV Great is our Lord, and abundant in power; his understanding is beyond measure.

1 John 3:20 ESV For whenever our heart condemns us, God is greater than our heart, and he knows everything.

In order to create a universe out of nothing this cause must be not just extremely powerful but be the origin of power itself in order to create existence as we know it.

POWERFUL:

Jeremiah 32:17 ESV 'Ah, Lord God! It is you who have made the heavens and the earth by your great power and by your outstretched arm! Nothing is too hard for you.

Luke 1:37 ESV For nothing will be impossible with God."

John 1:3-5 ESV All things were made through him, and without him was not anything made that was made. In him was life, and the life was the light of men. The light shines in the darkness, and the darkness has not overcome it.

Only personal beings can Make choices /decisions. Choose to bring something from in-existence to existence. Speaks of a personal being in nature. That is the very essence of decision making.

PERSONAL:

Romans 13:8-10 ESV Owe no one anything, except to love each other, for the one who loves another has fulfilled the law. For the commandments, "You shall not commit adultery, You shall not murder, You shall not steal, You shall not covet," and any other commandment, are summed up in this word: "You shall love your neighbor as yourself." Love does no wrong to a neighbor; therefore love is the fulfilling of the law.

1 John 4:8 ESV Anyone who does not love does not know God, because God is love. Science and the Bible are reconciled not just by the overwhelming evidence seen in the Bible but by a simple and true understanding of our universe. Going through the requirements needed for our universe to exist, we see that an intelligent, powerful personal spaceless timeless and immaterial being is needed, We see that God is needed for our universe to exist and through him all things exist.
