Leadership HW Less 1

Small Group Leader Dream

It is important for me to tell myself why I want to be committed on a weekly basis to another meeting.

*We are making disciples of Christ and learning to grow and serve at the Way World Outreach.

*We are learning to love our neighbors as ourselves and love God with all of our heart, soul, strength, and mind. We do this by walking with other believers and receive strength, care, fellowship, love, encouragement, and so much more as we walk out our Christian journeys together. It is not possible to do this in the larger congregation setting, small groups are where we do this.

*In small groups we take biblical truths and have conversations, questions, illustrations, and stories that help us relate these truths to our lives.

*Small groups are where we can have a community to pray with us and help meet needs we may have. It is a place to share difficulties, victories, accomplishments, and daily joys or struggles with others.

*It is the best way to make and develop disciples for Christ and to grow His Kingdom on earth.

*By God's grace, I will live the **habits needed** to lead a healthy, growing small group.

*These **habits** include:

1. Dreaming of having a healthy group
2. Praying for its members daily
3. Inviting people to visit weekly
4. Contacting group members regularly
5. Preparing for group meetings
6. Planning for group fellowship activities
7. Committing to personal growth
