

Desiree Chavez

Leadership 105 HW 6

What now?

Yes, I have enjoyed the benefits of a good Christian community. Yes, I am currently linked to a small group/ p12 that meets regularly. I think I can shift my church to take better advantage of small groups by encouraging the church leaders to allow people in small groups to share their testimonies which will encourage, support, and strengthen others. I believe by being in unity on a curriculum is one way to better equip our small group leaders.
