

Principle #1 LOVE CREATES THE ATMOSPHERE FOR GUARANTEED GROWTH.

This principle applies to our church because our church is a loving place full of God's love which is how it grows. When people enter our building we greet them with love. Pastor speaks a message about God and shares the love of Jesus with everyone who enters and before they leave they are able to go up for prayer and are treated with love there as well. This leads to true repentance which enables them to get closer to God and grow into a servant of Jesus Christ. This means that God in time reveals the calling He has placed within their lives which leads them to serving and committing to the church.

The 6 Love Guarantees

- 1) Completeness
- 2) Power
- 3) Fullness
- 4) More
- 5) Gain
- 6) Encounters With God

I personally identify with "Completeness" and "Encounters With God". After experiencing the love of God at this church, I rededicated my life to Christ and with time became complete in Christ. The more I can and experienced His love and received prayer I was able to find my identity in Christ and become complete in Him. This also allowed me to experience the presence of God and have more encounters with Him In His presence.
