

Genesis:16 7-13

What I have comprehend from these verses and how I can use to minister or preach to someone that is going through a similar situation.

I would like to start off with explaining how God was seeing Hagar in the Middle of her storm. And not only just seen her but sent an angel to have an encounter with her. An angel can represent a brother, pastor, leader to come to your life at the right moment. As she began to open up to the angel, the angel started to speak life into her. And let her know that she is not alone and that God is always with her. So brother or sister sometimes its important to go thru these moments in our life so we can really see the hand of God move in our lives. The angel even told her that her sons name was going to be called Ishmael ( God hears)

God sees everything and we should always seek for guidance.  
Thru the Holy Spirit.
