HW: Principle #1 + 6 Love Guarantees

Nicole Bermudez 10/30/20

Love creates the atmosphere for guaranteed growth is principle #1. Our goal as a church is for everyone to feel absolutely loved after every single interaction with us. We must always ask ourselves if we loved the people that we come in contact with to the best of our ability. God has given us a promise that love is guaranteed to work each and every time. Love never fails, and it always leads to success and growth!

The 6 Love Guarantees:

- 1. Completeness**
- 2. Power**
- 3. Fullness**
- 4. More**
- 5. Gain**
- 6. Encounters with God**

I have identified personally with all of them, however the two that I'm choosing, and that I have identified personally with are Completeness and Encounters with God. Before I gave my life to the Lord, my life was a mess in so many ways. When I got saved, and learned more and more about my Savior I was made complete in Him in every way! I know, that I know, that I know, how real my Father is to me, and He has made me complete in every way! Also, I have had many personal encounters with the Holy Spirit, and I

know just how real that He is! Nobody could ever take that away from me or try to tell me or convince me of anything different! Every encounter that I have had has been so real and so special to me, and I look forward to every encounter that He has prepared for my future. Thank You, Jesus!
